N/A – Not available

Information as of the latest actuarial valuation follows:

A new State law authorized the creation of risk pools by PERS and required mandatory participation of small employers to help reduce large fluctuations in their contribution rates. The City of Eureka is now required to participate in the risk pool. Under this pooling method, assets and liabilities of the participant employers are aggregated. As such, individual employer's retirement data is no longer available.

Historical trend information about the Local Employees' Retirement System (LERS) and Public Employees' Retirement System (PERS) is presented herewith as required supplementary information. This information is intended to help users assess LERS and PERS funding status, assess progress made in accumulating assets to pay benefits when due, and make comparisons with other public employee retirement systems.

The information presented in the required supplementary schedules was determined as part of the actuarial valuations at the dates indicated Analysis of the dollar amounts of plan net assets, actuarial accrued liability, and unfunded actuarial accrued liability in isolation can be misleading. Expressing plan

City of Eureka Schedule of Funding Progress – Local and Public Retirement Systems For the Fiscal Year Ended June 30, 2005

Public Employees' Retirement System (PERS) (Continued)

net assets as a percentage of the actuarial accrued liability provides one indication of LERS and PERS funding status on a going-concern basis. Analysis of this percentage over time indicates whether the system is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the system.

For additional information regarding employee retirement systems and pension plans see Note 12.
